This Study Guide Textbook is designed to be used along with the Question & Answer (Q&A) Software and the eStudy Cards (electronic flashcards) Software.

Only a sampling of the Questions & Answers from the Q&A Software are included in this book. The Q&A Software contains over 2,500 Questions and Answers for all three parts of the EA Exam and is aligned with the lesson topics in this Study Guide Textbook.

The eStudy Cards Software includes over 800 eStudy Cards for all three parts of the EA Exam.

Good studying!

## FORWARD

IRS Enrolled Agent Exam candidates have an ever-expanding amount of information to master. To make this more manageable, this course presents selected conceptual content to prepare candidates to pass the IRS Special Enrollment Examination (also known as the SEE, the EA Exam, and the IRS Enrolled Agent Exam). The selected content is based on our understanding of possible EA Exam topics as determined from information we have received from the IRS Office of Professional Responsibility and the administrators of the EA Exam, Prometric, Inc.

This course is not intended to be a training tool that instructs line-by-line how to fill in the blanks of the various forms required in filing tax returns. However, we do encourage you to pay attention to the referenced form numbers. We have also included references to some specific form line numbers to help you better visualize the tax treatment of the item.

**WHICH TOPICS WILL BE ON YOUR EXAM?** There are only one hundred questions on each part of the EA Exam. Since there are easily over a thousand possible questions per exam part, only a representative sampling of the subject matter is tested on each version of the exam. Which topics will be on your exam? No one knows. The actual questions are not released, and different versions of the exam are computer generated and randomly assigned.

**THE OBJECTIVE IS TO PASS THE EA EXAM ON THE FIRST TRY.** Because of privacy regulations, candidate scores are not released, making it impossible to track and honestly report statistically valid "pass rates." However, for over thirteen years, students have used our study materials to help them pass the EA Exam. If you use the WiseGuides™ Internet eCourse Plus or Internet eCourse Premium, and you follow our study plan (which includes reading the lessons and achieving targeted scores on the Practice Exams per part), we GUARANTEE you will pass.

To accommodate different learning styles, WiseGuides™ offers various study formats: the Study Guide Textbook (with lessons, questions, and complete answer explanations), the eStudy Guide Lessons (our Internet version of the Study Guide Textbook lessons), the Question & Answer Software (available in an Internet version and in a CD version), and the eStudy Cards Software (only available in an Internet version).

**READ THIS STUDY GUIDE TEXTBOOK FROM START TO FINISH.** The EA Exam continues to evolve with additional subtopics. Providing students with content and questions on every possible question would be a very unmanageable study tool. However, mastering the topics in the WiseGuides© lessons and questions and answers will prepare you to pass the EA Exam on the first try.

**KNOW THE ANSWERS.** To maximize your scores, our program is designed for you to first read the lesson (in the Study Guide Textbook and/or in the online eStudy Guide Lesson) and then to review the respective Questions & Answers using the software which is aligned with the lesson's topics. There are over three times as many questions in the Q&A Software as there are in the Study Guide Textbooks.

**NON-SCORED EXAM QUESTIONS.** When you take the IRS Special Enrollment Examination, your test will include some questions that are being field tested. Field testing is the source for future test questions. These questions do not count as part of your score, but you will not be told which questions they are. Keep this in mind as you take your timed exam, and use your time wisely. Our advice is to answer every question, not skipping any but marking those that stump you for review if time permits.

Thank you for choosing WiseGuides™ as your IRS Enrolled Agent Exam study partner. *Good studying!*

*Thank you*

for choosing WiseGuides™

as your study partner

for the

IRS Enrolled Agent Exam.
